

**Charles P. Allen High School
Grade 12 Parent Info Session
2024/2025
Thursday, October 17, 6:00 p.m.**

The evening will begin with a presentation from CPA School Counsellors who will provide a general overview of various post-secondary topics. The presentation will be followed by 3 breakout sessions with maritime post-secondary institutions in a forum that will allow for group presentations as well as time for individual questions.

Presenters will focus on academic programs, admission procedures, scholarships, and a wealth of other information that will help make the post-secondary process easier to navigate for you and your children.

Each breakout session will typically consist of a 20-minute presentation followed by a 10-minute question and answer period. If you still have questions after these sessions, please feel free to connect with the individual reps at the end of the evening, time permitting.
