The Nova Scotia Examination (NSE) English 10 is a provincial standardized exam that assesses students' achievement of English 10 curriculum outcomes and counts for 20% of their final course grade. This will be written during class on **Monday, January 26th and Tuesday, January 27th**.

We appreciate your understanding and cooperation as we work to ensure assessments are completed fairly and safely. Please continue to monitor school communications. If your child will be absent, please contact their classroom teacher right away or reach out to a Vice Principal:

## Power Outage Information for Families

As we move into the winter months, we want to share how decisions are made when a school experiences a power outage.

Our priority is always to keep schools open safely when possible. A power outage does **not** automatically mean classes are cancelled – even if it happens during the school day. The decision depends on when power is expected to be restored.

### **Here's what happens:**

- When a school loses power, HRCE's Operations Team contacts Nova Scotia Power to gather available details on the cause and an estimated restoration time.
- Once we have this information, we consider:
- **Before school starts:** Have buses begun their routes? If so, we wait until students arrive before making a decision. If classes are cancelled, elementary families will be contacted before dismissal.
- **During the school day:** How close is dismissal? What is the temperature in the building? Does the school rely on power for water or septic systems? These factors, among others, help us decide whether to stay open or close. Often, power returns faster than we could safely send students home.

### **If classes are cancelled:**

- HRCE will notify families by email and text.
- Families of elementary students will also receive a phone call before dismissal.

Deciding to close schools during a power outage is never simple, but safety is always our top priority. We understand that cancellations can be inconvenient, and our goal is to keep students learning in class whenever possible.

More information about school cancellations for any reason can be found [here](#).
